The parents/legal guardians understand that some authorities are concerned about students traveling to various countries without the specific written consent of both legal parents. This is to certify that the individual named above has full permission to travel to/within the United States, and/or other countries as part of a student tour organized by Rustic Pathways. Rustic Pathways has been paid in full for all meals, travel and accommodations while this individual is in its care. This is to further certify that the parents/guardians or Rustic Pathways have purchased round-trip return transportation out of the countries they are traveling in, or that the individual has the appropriate immigration status – whichever applies.

Our/My child named above has full permission to travel and I /We have checked the box next to the description which applies to my/our child's situation:

- Both legal parents / guardians are alive and have signed this form / separate forms.
- I am the legal parent / guardian who has sole legal custody of this child (the other parent is either deceased or is legally separated from the child). I have signed this form as I have sole legal custody. I understand that immigration authorities may ask for legal proof of this status and a copy of a death certificate or court order of child custody / guardianship is attached.
